

WAMBUI KARANJA

Full-Stack Developer | Software Engineer

Location: Nairobi, Kenya | Phone: +254 797 779 941 | Email:

wambuikaranja78@gmail.com | LinkedIn: [linkedin.com/in/Ruthkaranja](https://www.linkedin.com/in/Ruthkaranja) | GitHub: github.com/Wambo71 | Portfolio: <https://my-portfolio-s6yt.onrender.com>

PROFESSIONAL SUMMARY

Full-Stack Developer with hands-on experience building web applications using React, Flask, Python, and PostgreSQL. Skilled in developing RESTful APIs, implementing JWT authentication, designing relational databases, and deploying applications using Render and Vercel. Experienced in Agile development environments and passionate about creating scalable, user-focused software solutions. Strong problem-solving, collaboration, and communication skills gained through software development, freelance projects, and professional experience.

CORE TECHNICAL SKILLS

Programming & Development

- JavaScript (ES6+)
- Python
- HTML5
- CSS3
- React.js
- Flask
- RESTful APIs
- JSON
- Responsive Web Design

Database & Backend

- PostgreSQL
- MySQL
- SQLAlchemy
- Database Design
- CRUD Operations
- JWT Authentication

Tools & Deployment

- Git & GitHub
- Render
- Vercel
- Visual Studio Code
- Figma
- WordPress

Development Practices

- Agile Development
- Scrum Methodology
- CI/CD Fundamentals
- API Integration
- Debugging & Troubleshooting
- Web Performance Optimization

IT Support & Systems

- Windows & Linux Mint Installation and Configuration
- Hardware & Software Troubleshooting
- Network Setup & Maintenance
- System Monitoring & Diagnostics

Soft Skills

- Team Collaboration
- Communication
- Problem Solving
- Time Management
- Adaptability
- Leadership

TECHNICAL PROJECTS

Scam Shield (In Progress)

Technologies: React, Python, REST APIs

- Creating a web-based platform that helps users identify, report, and track online scams.
- Building a responsive React frontend and Python-powered backend services.
- Integrating secure user authentication, report management, and data validation features.
- Establishing a scalable API architecture to support future AI-powered scam detection capabilities.

School Connect

Technologies: React, Flask, PostgreSQL

- Created a school management platform for handling students, staff, departments, and school records.
 - Engineered RESTful APIs using Flask and connected PostgreSQL databases for secure data management.
 - Integrated CRUD operations, authentication workflows, and responsive user interfaces.
 - Established a centralized system that streamlines school administration processes.
-

SkillBridge – Freelance Marketplace Platform

Technologies: React, Flask, PostgreSQL

- Built a full-stack freelance marketplace connecting clients and freelancers.
 - Integrated JWT-based authentication and role-based access control mechanisms.
 - Engineered 15+ RESTful API endpoints supporting project posting, bidding, and user management.
 - Structured normalized PostgreSQL database schemas to improve data consistency and retrieval efficiency.
-

E-Commerce / Online Shopping Application

Technologies: React, Flask, PostgreSQL

- Built a full-stack e-commerce platform featuring product catalog, shopping cart, and order management functionality.
 - Connected secure backend APIs with PostgreSQL database systems.
 - Integrated product search, filtering, inventory tracking, and checkout workflows.
 - Enhanced user experience through responsive interfaces optimized for desktop and mobile devices.
-

Personal Portfolio Website

Technologies: React, JavaScript, HTML5, CSS3

- Created a responsive portfolio website showcasing technical projects, skills, and professional experience.
- Built reusable React components and incorporated modern UI design principles.

- Enhanced website performance and accessibility across multiple devices.
- Published the application using modern cloud-hosting platforms.

PROFESSIONAL EXPERIENCE

Freelancer Developer | Nairobi, Kenya

December 2025 – Present

- Created and delivered 4+ full-stack web applications using React, Flask, and PostgreSQL.
 - Engineered 20+ RESTful API endpoints supporting authentication, CRUD operations, and data management.
 - Integrated JWT-based authentication and role-based access control for 3+ applications.
 - Streamlined database queries and backend processes to enhance application performance and scalability.
 - Successfully deployed and maintained 5+ web applications on Render and Vercel.
 - Partnered with clients and project stakeholders using Agile methodologies to complete projects within agreed timelines.
-

Full-Stack Developer Intern | Moringa School

May 2025 – November 2025

- Created and delivered 5+ full-stack web applications using React and Flask.
 - Engineered 15+ RESTful API endpoints featuring JWT authentication and efficient SQLAlchemy query handling.
 - Led Agile ceremonies as Scrum Master for a team of 6 developers.
 - Conducted 20+ code reviews and pair-programming sessions to improve code quality and team productivity.
 - Published and maintained 5+ applications on Render and Vercel.
 - Investigated and resolved 50+ frontend and backend issues, improving application stability and user experience.
-

Teaching Intern | Mwangaza Mixed Secondary School

May 2023 – August 2023

- Delivered English and Literature lessons to 100+ students across multiple classes.
- Produced 20+ lesson plans, assignments, and assessment materials aligned with curriculum objectives.
- Mentored and supported 100+ learners through classroom engagement and academic guidance.

- Coordinated with 5+ teaching staff members to support learning activities and student performance.
-

EDUCATION

Software Engineering Certificate

Moringa School | Nairobi, Kenya

Bachelor of Education (Arts)

Maasai Mara University | Narok, Kenya

CERTIFICATIONS

- Agile Project Management
 - Responsive Web Design – FreeCodeCamp
 - Python for Web Development – Moringa School
 - AI Automation – Moringa School
 - Information Technology -Wantech Computer College
-

ADDITIONAL SKILLS

- Leadership
- Collaboration
- Adaptability
- Emotional Intelligence
- Critical Thinking
- Continuous Learning
